ACCELERATING LEARNERS ON THEIR PATH TO ACADEMIC AND CAREER SUCCESS

Take your students from pre-high school equivalency to preparation for the GED®, HiSET®, or TASC test in an interactive learning environment.

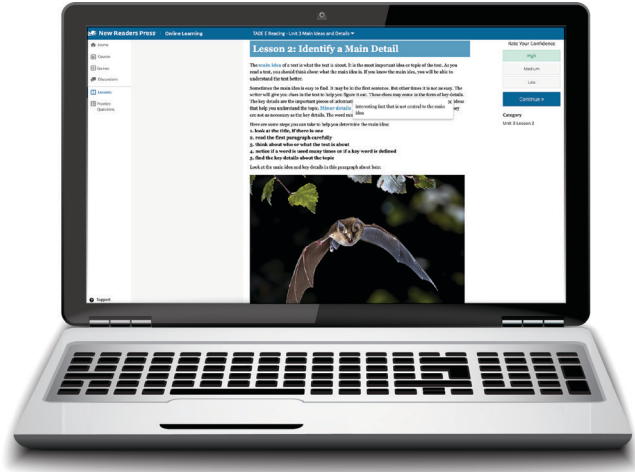

A Learner Success Platform

New Readers Press Online Learning is powered by BenchPrep's innovative learner success platform to deliver a personalized digital learning experience with interactive content, study tools, assessment, and reporting in one comprehensive solution.

- Targeted curriculum with customizable study plans
- Diagnostic pretests, posttests, and half-length practice tests
- Alignment to CCR, GED, and HiSET standards
- Guided practice with answer explanations
- Online calculator plus note taking, bookmarking, and highlighting tools
- Adaptive flashcards, games, and achievements
- Data analytics and reporting
- Time-on task tracking

Our GED course is aligned to GED Ready to provide GED Practice Test takers with a custom study plan.

TABE® Online Learning

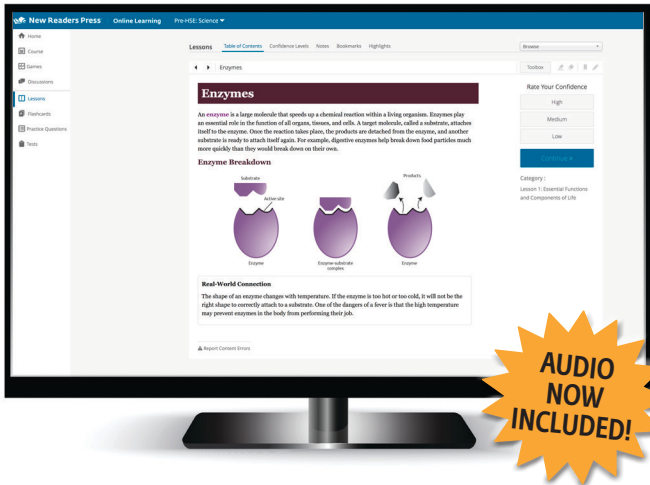

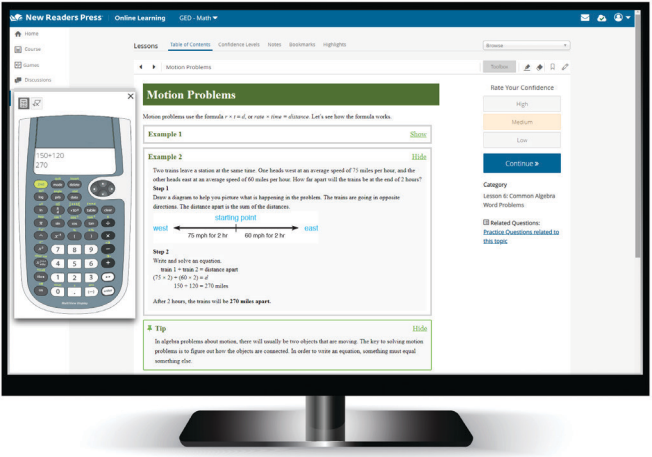

Help students master the skills needed for TABE success and beyond. The TABE® Online Learning course offers interactive review, practice, and assessment in three subject areas: Reading, Language, and Math at four TABE levels: E, M, D, and A.

- Adaptive Pretest determines students' strengths and weaknesses
- Unit openers define key vocabulary terms
- Lessons include instructional content, examples, guided practice, and lesson review
- Unit Review includes practice with TABE-style questions
- TABE Practice Test at the end of the course assesses mastery of TABE standards

Pre-HSE Online Learning

Based on our popular Core Skills series, the Pre-HSE Online Learning course is written at a 6-8 grade level and is designed to guide students through the foundational content they need in Social Studies, Science, Mathematics, and Reading and Writing.

- Diagnostic pretests and posttests
- Guided practice to promote critical thinking skills
- Answer explanations for all assessment questions
- Aligned to College & Career Readiness Standards
- Instruction and practice in graphic literacy
