

SAVE THE DATE!

The Coalition on Adult Basic Education (COABE) offers the world's largest conference designed specifically for adult educators, administrators, state staff, caseworkers, and learners. When you join thousands of attendees from across the country, you will have access to over 400 state-of-the-art, national level, professional development concurrent sessions delivered by subject matter experts over the course of 4 days.

Your registration also entitles you to the opportunity to visit our exhibit hall which will host the largest publishers and vendors in our field, as well as niche and specialized products and services. Attendance entitles you to our awards ceremony where we honor excellence in our field and give cash prizes to the winners.

Perhaps what COABE attendees enjoy the most about the conference experience is the in person and virtual opportunities for networking, sharing of best practices, and that amazing sense of community! Join us for all this and more!
